

Bombay Chartered Accountants' Society

Corporate & Commercial Law Study Circle
Conveners: CA Ishaan Patkar, CA Preeti Oza & CA Urvish Mehta

**"SEBI Insider Trading rules and regulations -
Overview, issues and solutions."**

The details of study circle meeting are as under:

"SEBI Act, Rules and Regulations are one of the most complex fields of regulation in our country, with the standard SEBI manual of any publication being 3 huge volumes. That being so, it is also an extremely lucrative area of practice for us Chartered Accountants, whether as advisors, consultants or litigators. Our natural aptitude for finance and markets gives us an edge over other professionals, but this area has not been tapped properly by us. The Corporate and Commercial Laws Study Group will be scheduling sessions on various topics relating to securities law to train our members in this area of practice.

With that object in mind, we have scheduled a session on Insider Trading. This session is relevant not only for anyone who wants to practice or is practicing in securities law, but also for the general practitioner who dabbles in the securities markets. Adv. Abhiraj Arora is ex-SEBI and a seasoned litigator and advisor on securities markets, and is specially known for his work on Insider Trading cases both within and outside SEBI."

Topic	"SEBI Insider Trading rules and regulations - Overview, issues and solutions."
