Dear Members,

Insolvency and Bankruptcy Code, 2016 is an fundamental economic and legal reform brought in to ensure speedier and better resolution of the NPA crises faced by the financial sector. The IBC Code, 2016 also carves out unique opportunities for Chartered Accountants to serve not only as Resolution Professionals and Liquidators, but also to represent aggrieved parties in adjudication and appeal. It is one of the biggest opportunities in the non-traditional practice areas for our CA brethren to expand their horizons.

The Corporate and Commercial Laws Committee has organized a half day seminar on IBC Code, 2016. The faculties who will be addressing us have extensive experience with the Code. Beginners and those who are already practicing in this field can take benefit of the treasure trove of knowledge they hold."
