

FRAUDS ARE EVERY WHERE-

can you afford to stay away
from understanding how forensic
accounting and investigation are carried out?

LET US TAKE YOU ON A FORENSIC STUDY TOUR..

Improve your audit skills by blending 'Forensics' and make an exceptional difference in your value offering. Enhance your penetrative edge in routine audits or forensic investigation.

Bombay Chartered Accountant's Society jointly with its knowledge partner CDIMS introduces:

A UNIQUE E-LEARNING COURSE

FORENSIC ACCOUNTING AND INVESTIGATION STUDIES

Course Details:

- A course designed by CDIMS (Chetan Dalal Investigation & Management Services), who are pioneer in investigating frauds and developing forensic practice in India. Mr. Chetan Dalal was the first CFE (Certified Fraud Examiner course of USA) qualified professional from Mumbai in the year 1998.
- 3 sections comprising of 20 Modules on Conceptual & Advanced Knowledge of Forensic Accounting & Fraud Investigation based on Case Studies including Digital Forensic
- Modular multiple choice tests at the end of 3 sections + a section module to refresh MS Excel skills along with a non-mandatory test.
- Study notes will be provided at the end of the course for future reference

Who can apply (Eligibility):

The course is designed for all those interested in equipping themselves with forensic skills either for application in the performance of audits, internal audits, investigations, systems/process designing or for seeking opportunities in fields that require a strong understanding of forensics.

We welcome applications from -

- Chartered Accountants (BCAS Members and non- members).
- Professionals from other domains in Practice, Industry or Management
- CA Students and working executives at all levels
