Chartered Accountants (CAs) are subject to a number of professional and ethical obligations. As CAs, we are often privy to sensitive client data. As custodians of this confidential information, we are obligated to take comprehensive measures to safeguard the same.

The Digital Personal Data Protection Act (DPDP Act) is a landmark piece of legislation that will have a significant impact on the way that CAs will be required to collect and process digital personal data.

BCAS Lecture Meetings are open-for-all meetings on contemporary topics of professional importance and interest.

Best regards,

CA Zubin Billimoria and CA Mandar Telang
Hon. Joint Secretaries

Reimagine

On 6th July this year, BCAS celebrates its Platinum Jubilee, marking 75 years of service to the community of Chartered Accountants and society at large. To celebrate this landmark year, events and initiatives are planned throughout the year. The jewel in the crown will be a grand three-day mega event on ***ReImagining the Profession*** which will be held at the prestigious JIO World Centre, Mumbai on January 4, 5 and 6 of 2024.

These three days of मंथन will include public events and community activities, as well as moments of reflection on BCAS's 75 years of service. An exciting series of programs covering the future dynamics of the profession, including thought provoking line-up of presentations, panel discussions, fireside chats, interviews, and leadership talks will be the highlights of this event. There will also be cultural performances to stimulate your senses. The celebrations will provide a platform for knowledge dissemination, professional growth, and networking opportunities which will make you future-ready.
