

**Lecture Meeting on**  
**Recent regulatory updates for audits for FY 23-24**

Dear Members,

We are in the midst of the busy audit season (other than audits of listed enterprises). Each year brings many changes in the regulatory environment, be it the Companies Act (both in terms of reporting as well as disclosures), MSMED Act, GST Act, Income Tax Act and many such acts which have to be considered for their compliance while we carry out the audit. This being the first year for reporting on maintenance of audit trail and related requirements for all classes of companies would pose its own set of challenges especially for MSMEs.

Compliance with Auditing Standards is of utmost importance while carrying out audits, especially in the area of documentation since any company can now be picked up for an FRRB or QRB inspection

As in the past, we have planned a lecture meeting to provide an overview of the regulatory aspects which should be kept in focus while executing audit assignments for the FY 2023-24.

The details of the lecture meeting are as under:
