BOMBAY CHARTERED ACCOUNTANTS' SOCIETY

'E-Learn' - A Virtual Learning Initiative

Revolutionizing CA Practice with Generative AI: Practical Use Cases for Efficiency and Growth

This session will uncover the transformative potential of Generative AI in Chartered Accountancy practices. Through real-life examples and interactive discussions, we will explore how AI can help enhance productivity, improve client servicing, and streamline operations in your day-to-day tasks.

Key Take-away From the Session:

● Drafting professional emails
● Generating checklists, templates, and legal documents
● Creating peer review documentation (Engagement Letter, Appointment Letter, Authority Letters, MRLs)
● Developing client training materials and social media content
● Analyzing bank statements and automating data entry in Tally using AI
● Preparing budgets and financial forecasts
● Drafting proposals and replies/ generation of notices
● Creating certificates as per ICAI GN and developing SOPs
