Webinar on Recent Important Decisions under Income Tax

Dear Members

The Government has been making determined efforts to improve the ease of doing business and reduce tax litigation. However, in the realm of Income Tax law, each year's Finance Act introduces new provisions that often give rise to fresh controversies and complexities. Tax professionals practicing in tax litigation must stay vigilant throughout the year, tracking significant rulings from various Tribunals, High Courts, and the Supreme Court. This allows them to present a balanced and informed perspective when advocating for their clients' cases.

To help tax professionals stay updated on the latest judicial decisions and understand the nuances and reasoning behind these rulings, BCAS has organized a webinar on recent important decisions under Income Tax. This session aims to equip professionals with the insights needed to navigate the evolving landscape of Income Tax law.

The webinar will offer a critical evaluation of these decisions, providing valuable perspectives for tax professionals to enhance their practice and stay ahead of legal developments. The speakers will specifically cover decisions pertaining to capital gains, gift tax provisions contained in section 56(2)(x) including valuations, share transactions, taxation of NRIs, related party transactions, search & survey proceedings, charitable trusts, deductions & exemptions and reassessment proceedings.
