## *Lecture Meeting on “Recent Developments in Related Party Transactions Disclosures”*

Dear All,

The Securities and Exchange Board of India (SEBI), vide its circular dated 26th June 2025, has introduced revised industry standards specifying the minimum information to be provided to the Audit Committee and shareholders for the approval of Related Party Transactions (RPTs).

These revised standards, effective from 1st September 2025, will supersede the earlier circulars dated 14<sup>th</sup> February 2025 and 1<sup>st</sup> March 2025. Listed companies will need to revisit and update their RPT approval processes and information templates to ensure alignment with the new framework.

To help understand the background, implications of these enhanced disclosure requirements, the technical aspects involved, and the necessary steps for compliance, we are pleased to announce a virtual lecture meeting on this important subject.

We invite compliance officers, company secretaries, independent directors, auditors, and corporate law practitioners to attend this session for a comprehensive and practical discussion on the evolving RPT regulatory landscape.

The details of the lecture meeting are as under:
