

## Members Awareness Drive on Practice Management

**“Reimagining practice – Awareness, Opportunities & Excellence Empowering Every Member – One Area at a Time” – Journey to RRC**

Dear Members,

As the profession evolves beyond traditional compliance, Chartered Accountants are required to Think, Act, and manage their practices as businesses with purpose. Many young and mid-sized practitioners face challenges not in Technical Competence but in Practice Management — Managing People, Clients, Technology, Profitability, and Risk.

To address this gap, BCAS proposes to launch a **Members’ Awareness Drive on Practice Management**
