## **‘E-Learn’ - A Virtual Learning Initiative**

### **Webinar on Mastering Compliance with India’s DPDP Act, 2023**

India’s Digital Personal Data Protection (DPDP) Act, 2023 is transforming the way organizations collect, manage, and protect personal data. As businesses scale, integrate digital systems, and rely on third-party partners, data protection compliance is no longer optional - it’s mission-critical.

Access this in-depth and practice-oriented session in which our expert speaker breaks down the DPDP Act, decodes the draft rules, and shares actionable insights to help organizations remain compliant, resilient, and future-ready.

#### **Key Take-Aways from the Session:**

- Key provisions of the DPDP Act and what the draft rules really mean
- Roles & responsibilities of Data Fiduciaries and Data Processors
- How to navigate consent, cross-border data transfers & grievance redressal
- Managing third-party data risks and vendor ecosystems
- Sector-specific insights for BFSI, healthcare, e-commerce & manufacturing

The details of the workshop are as follows:
