

Lecture Meeting on “Ancient Roots, Global Routes: Reimagining Global Leadership for the Indian CA”

Dear Esteemed Members,

As global dynamics evolve rapidly into 2026 and beyond, profound shifts in leadership, security, and economic paradigms will redefine opportunities for Indian Chartered Accountants on the international stage. In the coming decade, transformative forces may include breakthroughs in digital governance, realignment of alliances, and technological innovations in financial systems.

CA Shaurya A. Doval, renowned strategic thinker, author, and commentator on national security and global strategy, will explore the topic "**Ancient Roots, Global Routes: Reimagining Global Leadership for the Indian CA.**" Drawing from his insights into India's civilizational heritage and modern geopolitical influence, he will address how CAs can leverage these for leading the global corporate world.

About the Conclave:

VASUDHAIVA KUTUMBAKAM KI OAR – 4

The 12 Principles That Can Shape a New World Order

This exhibition presents 12 foundational principles that once held families, societies, and civilizations together — and exposes what happens when they are ignored.

This exhibition does something rare - It does not just explain what is failing, it shows what can replace it.

The Lecture Meeting is open for all without any cost.
